

## Safety Class Reimbursement Request

The Oregon Kayak and Canoe Club (OKCC) encourages its members to take safety classes, such as CPR/First Aid or Swiftwater Rescue. Your fellow boaters may thank you some day. We set aside a safety fund in the Club's budget to reimburse members for these classes.

Currently, we are paying back \$25 per member per calendar year - after you've completed the class and volunteered for at least one club trip, such as safety boating or coordinating a Beginner or Intermediate Progression, teaching a skills class, or something else that benefits the club (at the discretion of the board).

Please e-mail the board for more information - which classes are currently available, if the yearly total has been reached, or with any other questions or suggestions: [okccinfo@gmail.com](mailto:okccinfo@gmail.com)
